

Montrachet Construction Standards

On the property all contractors and sub-contractors must comply with the following:

1. Construction work is not permitted before 7:00 am and after 6:00 pm CST or 7:00 am and 7:00 pm DST. All construction operations must cease, and the development cleared at these times. Delivery of construction material must also occur during these times. There will be no construction activity on Sundays. There are no exceptions. The following holidays are observed with no construction activity allowed: Christmas, Thanksgiving & New Year's Day.
2. Concrete pouring must be performed within the property lines and cease no later than 4:30 pm,
3. Alcohol is prohibited.
4. There will be no loitering or congregating on any property
5. Workers will proceed directly to their assigned jobsite.
6. Drivers are required to observe all traffic regulations.
7. The use of an adjacent lot without lot owner's permission for parking or material storage is prohibited.
8. Sanitation Units must be placed within/behind the mockup on site
9. Silt Fences and other erosion control measures must be in place upon beginning excavation and remain in functional order until landscaping has been completed.
10. Construction Entrances composed of rock must be in place upon beginning excavation and remain in functional order until landscape installation begins
11. Jobsites must be kept clean and orderly. All trash must be placed in secure containers or removed daily.
12. Builder is not allowed to touch the lot/property until getting approval from Town Architect.

Any variance to the above must have prior approval.

Comments, suggestions and the reporting of violations can be made to Montrachet's HOA:
